Home is where the heart is! This country home brings back a time of family gatherings and outdoor enjoyment. The home sits on 1.33 acres with unobstructed views of the Beaufort Mt. Range and a short walk to Stamp River Falls. With a bit of work and updating this can be your dream home. The main floor consists of a large living room, kitchen/eating area and laundry, and bedroom. Upstairs are 2 bedrooms and a 4 pc bath. Over the workshop are two other rooms that would work great for additional bedrooms or hobby rooms. The basement is unfinished and open for ideas. The home has a 200 amp electrical panel, which also powers the large garage/shed. The garage is 23 x 27 with an interior height of 11 ft. The home and garage have a metal roof, central vac, and crisp, clean water supplied by the creek year-round. Some of the owner's best memories are watching the wildlife out his back door.
